The model for private label opportunities has changed.

We know most manufactures insist on large mandatory production runs. This commitment forces customers like you to buy more than you can realistically sell. Products expire in boxes in the back of the store. Who wins in this scenario?

Green Shores Nutra understands this issue and has built a Voodoo3 private label partnership model based on nurturing long term relationships rather than forcing you into a crippling one time sale.

Our low minimum runs allow you to scale your profit margins based on what you feel most comfortable with. With as few as 50 units, we can get started on making your brand a reality. Call us today to lock in the best pricing structure for you.

### Why Voodoo3 Kratom Products Deliver Profitable Sales Opportunities for You...

1. You work & buy direct with the manufacturer.
2. Voodoo3 kratom formulas promote long term sales based on quality manufacturing practices.
3. Voodoo3 presents unique kratom products & delivery methods that truly stand out in the marketplace.

We encourage everyone to sell and take kratom responsibly.

## **VOODOO<sup>3</sup> Business & Pricing Best Practices**

Our business best practices are simple. We know that your success translates to our success. To be successful, we are constantly focusing on new ways to develop, produce, and maintain innovative products unique to the kratom industry. We never take our eyes off fulfillment and competitive pricing practices that support you.

We treat and value each and every one of our customers, regardless of size, with equal respect. This includes equally available pricing and fulfillment priority for every Voodoo<sup>3</sup> customer.

Success happens when we work together.  
Lets get to business in 2023.
